CONTROLS					
	W690-0005	Thermostat, 110 volt (for use with hot air distribution kit)		1	\$36

* NOTE: The finishing template is designed as an installation tool to assist when installing the DK90RA door or F90SA frame. It ensures facing material such as stone or masonry products do not protrude beyond the area into which the optional door or frame would fit. This reusable tool/template is recommended to be part your installers equipment.
